WASHINGTON, N. C.

Preface

The Original Washington Founded in 1776.

Washington, the county seat of Beaufort County, is located at the junction of the Pamlico and Tar Rivers, 40 miles from Pamlico Sound and 100 miles from the Atlantic seacoast, on Ocean Highway (U. S. No. 17—Maine to Florida); U. S. No. 264—East and West, and N. C. Highways Nos. 33, 91, 92, and 99. Directory census 1948, 10,920.

HISTORY

The settlement out of which Washington grew dates back to 1771 and on November 30, 1771, James Bonner, founder of the town, presented a bill to Congress held at Hillsboro for having a town established on his plantation. This town was called the "Forks of Tar River". In 1776, the town was changed to Washington, the first in the country to bear the name of our able Commander of the Continental Army and first president, George Washington.

Sixteen miles below Washington on U. S. Highway No. 264 is located the town of Bath, the first capital and oldest town in North Carolina. Originally the Indian town of Pampticough, it was settled by white men about 1690 and incorporated in 1705. St. Thomas Episcopal Church, the oldest church in the state, was built there in 1734 with brick brought from England, and contains many ancient relics given by the royalty of England. This Church and many other interesting historical landmarks are frequented by thousands of tourists each year.

A few miles from Washington is located the Dutch settlement of Terra Ceia. From this area, large quantities of bulbs and blooming tulips are shipped to all parts of the country.

CLIMATE

With an elevation of 15 feet and a mean annual temperature of 64 degrees, Washington enjoys a pleasant year-round climate with a constant and pleasant river breeze in summer.

ACCOMMODATIONS

Adequate facilities are furnished tourists and the traveling public by two hotels and three tourist homes.

INDUSTRIES

The principal agricultural products in Beaufort County are tobacco, with our three modern warehouses having sold 13,984,000 pounds of tobacco in 1947, cotton, corn, soy beans, peanuts, and potatoes. This county leads the State in the production of Irish potatoes. At Aurora, 30 miles Southeast, is located the largest potato market in North Carolina. Among our industries are fertilizer plants, lumber mills, flour and grain mills, pickle plant, ice plant, ice cream plant and iron foundry.

GENERAL

Washington can proudly offer to its visitors and potential residents, churches of all denominatons, three progressive banks, two building & loan associations, and other financial institutions, accessibility by two railroads and numerous bus lines, a twelve foot channel for shipping, an efficient city bus service, several truck lines, Mayor-Alderman form of government, municipally owned water and light plant and sewage disposal system, privately owned gas plant, low tax rate, skilled doctors and nurses at two modern and efficient hospitals, high school and elementary school buildings for both white and colored, modern and well-arranged stores to meet the needs of the buying public, modern recreation center and armory, city and county owned airport, race track, riding academy, summer camp and training camp for young people, river resort at Bayview—nineteen miles east—with excellent hunting and fishing, daily and weekly newspaper, lovely parks and a modern lighted athletic field, public library, two progressive radio stations, bonded warehouse facilities and boating and fishing on the beautiful Pamlico River.

COPYRIGHT LAW

Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding 1 year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public spirited support of measures which make for progress. They represent the energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Street Directory

—OF—

WASHINGTON, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(●)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

15 Rankin Avenue **Asheville, N. C.**

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond the city gates.

It is the city's catalogue of business and represents the city, its citizens, business enterprises and institutions in every corner of the United States.

It is, therefore, the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.
